

KITE WIRELESS GARAGE DOOR SENSOR

LAN ♦ WIFI ♦ CELLULAR

FEATURES

The wireless outdoor siren is an accessory of the Kite smart alarm system. When the shuttle door is opened under armed status, the sensor will trigger alarm.

It's fashionably designed, energy saving, low battery warning supported and with long transmission distance. The system informs users to replace the battery by App when needed and it's easy to setup.

Note: Requires Kite Main Panel to function. May not be compatible with alternate alarm systems.
