INCREASE THE SECURITY OF YOUR HOME WITH EASE, WITH THE WIRELESS MAXXONE KITE ALARM SYSTEM.

BE ALERTED DIRECTLY ON YOUR MOBILE DEVICE.

FEATURES

The wireless smoke detector is an accessory of the Kite smart alarm system. This product responds well to the smoke of smouldering and burning. With build-in photoelectric smoke sensor, it will trigger a powerful 85dB alarm when the smoke density reaches the alarm threshold. Thanks to its using unique design and MCU to work with photo-electricity signal, it is dust-proof, pest-proof, anti-optical interference, etc.

It's easy to setup, reliable and safe. It's fashionably designed, energy saving, low battery warning supported and with long transmission distance. The system informs users to replace the battery by App when needed and it's easy to setup.

Note: Requires Kite Main Panel to function. May not be compatible with alternate alarm systems.

MODEL	M1S-KASD-01
Working Voltage	DC 9V
Battery	9V (1x 6F22/ 6LR61 Battery)
Working Current	≤20mA
Standby Current	≤100 μA
Alarm Sound	≥ 85dB/3m
Product Certification	BS EN 14604: 2005
Transmission Distance	Without obstacle 200m
Transmission Frequency	433.92MHz
Working Temperature	-10°C~40°C
Humidity	≤90%rh (non-condensing)
Weight	98.7g (battery not included) 134.5g(battery included)
Dimension	Φ 107mm * Δ 34mm
