GENERAL

FEATURES

The Kite smart plug is an accessory of Kite smart alarm system. The smart plug could be controlled remotely by App. By the "Follow Me" feature of the system, the smart plug could also be automatically turned ON/OFF according to system or accessory events, or by preset time schedule.

It's easy to setup, fashionably designed, energy saving and has a long transmission distance.

Note: Requires Kite Main Panel to function. May not be compatible with alternate alarm systems.
